Dear Lacey Community Members,

We are so excited to begin our second phase of the **Lacey Township's 2015-2018 Strategic Plan**. Teachers, staff, parents and community members participated in the first phase of the process last year and provided us their voices and their vision. The result led to the creation of four areas that serve as the foundation of our **Strategic Plan** and our focus for the future. The areas include: Student Achievement and Success for All, Technology, Family and Community, and Finance.

We are inviting our school community and community-at-large to stay involved with our process. Our next steps include the formation of action teams to develop the action steps, resources, and evidence of success for each goal area. We are looking for 60 people of representative membership to join a team as listed below that will meet monthly to create implementation plans. Specific dates and times will be set by the team leaders.

Team Leaders

Student Achievement and Success for All	Dr. Vanessa Clark and Michael Maschi
Technology	Karl Ciak and Will Zylinski
Family and Community	Robert Dougherty and Shaun Banin
Finance	Pat DeGeorge and Michelle Amos
