

How to Join Google Classroom

1. Using Google Chrome as your web browser, access the Classroom App using the link classroom.google.com. This link can also be found under the Students>[Student Link](#) tab on the school website.
2. You will be asked to sign in with the student's school email address and password. Please note, this is not a working email address and students will not be able to send or receive emails. It is only used to access their Educational Google Apps.

Email: pezzutodean@laceyschools.org

Password: ezzt3299

3. Select the “join” button on the Classroom tile. They will need to join each Classroom if your child has been invited to multiple classes.

The Google Classroom will be ready by September 2nd.

Please join Google Classroom prior to the first day of school.
