

Krista Barone
Class of 2011

Krista Barone is a 2011 Lacey graduate. She went to Ithaca College for one year and then transferred to Rutgers University, where she graduated 3 years later with a Bio Chemical Engineering degree. Krista is currently working and getting her Masters at NYU.

Krista has been in the Medical field following her graduation from Rutgers. In October of 2019, Krista started working for Pfizer, Inc., New York, where she has been part of the team who has created the vaccine for the Corona Virus.

We are so very proud of her.
