January 15, 2019

Dear Parents/Guardians:

It is our great pleasure to inform you of the formation of the Lacey Education Foundation, a nonprofit organization that will provide for your children as they attend and graduate the Lacey Township School District.

Our purpose is to generate excellent opportunities that go beyond the school curriculum providing meaningful and exciting activities for your children's education.

We are ready to request and obtain meaningful donations from major corporate and financial institutions. Those major fund requests will enable us to grow our student achievement and learning experiences at a dynamic rate.

In order to succeed at this mission we are looking for volunteers to join us on this journey. We need your wisdom and input to help us make the best decisions for our children. Our first meeting will be on Thursday, January 31, 2019 at 7pm in the Mill Pond School Cafeteria.

Join us in this wonderful opportunity to serve our children. Reach out to us by January 21st at LaceyEF2018@gmail.com to volunteer. Please share this letter with others that are willing to help. And please follow our Facebook Page- Lacey Education Foundation.

Respectfully yours,

Robert J Paladino, Chairperson
