Lacey Township School District

an evening with the Traumatic Loss Coalition

Join us for a community-wide event.

This event is for adults only.

MONDAY, MARCH 25, 2024
LACEY TOWNSHIP HIGH SCHOOL
AUDITORIUM
7:00 PM - 8:30PM

Sudden losses can be overwhelming for adults and children alike. The Lacey

Community continues to feel the deep hurt and heartache of the tragic losses

within our student body during the current school year.

To aide in our continued healing, we have invited a representative of the State
Traumatic Loss Coalition/Rutgers University to spend time with parents, staff and
adult community members on Monday evening, March 25, to share helpful and
important information with us. Mr. George Scott, statewide Resource Coordinator
and Family Therapist, will bring a message of understanding about our grief and our
healing. During our time together, Mr. Scott will provide support for our
community's recovery. He will also offer information about raising healthy children,
as well as suggest questions to ask and behaviors to understand when worried
about the wellbeing of our children of all ages.

The evening is organized for an adult audience only, and will not be appropriate for our adolescents and children.
