RELIGION IN THE SCHOOLS

2270 RELIGION IN THE SCHOOLS

The Board of Education recognizes that religious belief and disbelief are matters of personal conviction rather than governmental authority and the students of this district are protected by the First Amendment of the United States Constitution and by Article I, Paragraph 4 of the New Jersey State Constitution from the establishment of religion in the schools. The First Amendment requires public school officials to show neither favoritism toward nor hostility against religious expression such as prayer.

The United States Department of Education's Guidance on Constitutionally Protected Prayer and Religious Expression in Public Elementary and Secondary Schools (USDOE Guidance) provides information on the current state of the law concerning religious expression in public schools.

The following activities as outlined in the USDOE Guidance will be permitted upon applying the governing constitutional principles in particular contexts related to: prayer during non-instructional time; organized prayer groups and activities; teachers, administrators, and other school employees' activities; moments of silence; accommodations for prayer during instructional time; prayer in classroom assignments; student assemblies and noncurricular events; prayer at graduation; and/or baccalaureate ceremonies.

The following activities as outlined in the USDOE Guidance will be permitted upon applying the governing constitutional principles in particular contexts related to religious expression: religious literature; teaching about religion; student dress codes and policies; and/or religious excusals.

The Equal Access Act, 20 U.S.C. Section 4071, is designed to ensure that student religious activities are afforded the same access to Federally funded public secondary school facilities as are student secular activities. The United States Department of Justice has developed guidance for interpreting the Equal Access Act's requirements outlined in the USDOE Guidance in the area of general provisions, prayer service and worship exercises, means of publicized meetings, lunch-time and recess, and leadership of religious student groups.

Any issues regarding religion in the schools and the provisions of this Policy shall be referred to the Superintendent of Schools who may consult with the Board Attorney.

HEAT PARTICIPATION POLICY FOR STUDENT-ATHLETE SAFETY (M)

2431.3 HEAT PARTICIPATION POLICY FOR STUDENT-ATHLETE SAFETY

The Board of Education adopts this Policy as a measure to protect the safety, health, and welfare of students participating in school-sponsored athletic programs and extra-curricular activities. The Board believes practice and pre-season heat participation guidelines for students will minimize injury and enhance a student's health, performance, and well-being.

In accordance with the provisions of N.J.S.A. 18A:11-3.10, a school district which is a member of any voluntary association, pursuant to N.J.S.A. 18A:11-3, which oversees activities associated with Statewide interscholastic sports programs shall adopt and implement the most current "Heat Participation Policy" required by the New Jersey State Interscholastic Athletic Association (NJSIAA) for conducting practice or games in all sports during times of high heat or humidity.

The NJSIAA Policy shall address:

1. The scheduling of practice or games during times of various heat and humidity levels;
2. The ratio of time devoted to workouts to time allotted for rest and hydration during various heat and humidity levels; and
3. The heat and humidity levels at which practice or games will be canceled.

The guidelines included in the NJSIAA Heat Participation Policy shall provide a default Policy to those responsible or sharing duties for making decisions concerning the implementation of modifications or cancellation of practices or games based on the presence of heat and humidity.

The Board of Education shall purchase a WetBulb Globe Temperature (WBGT) tool to measure the heat stress in direct sunlight at the practice or game site. Heat stress consists of temperature, humidity, wind speed, the angle of the sun, and cloud coverage.

The Board of Education shall adopt and implement the provisions of the NJSIAA Heat Participation Policy concerning the frequency and recording of WBGT measurements.

The provisions and requirements of this Policy and of the NJSIAA current Heat Participation Policy, which shall be utilized in conjunction with the current NJSIAA Pre-

HEAT PARTICIPATION POLICY FOR STUDENT-ATHLETE SAFETY (M)

Season Heat Acclimatization Policy, shall be carried out by the Athletic Trainer, certified designee, or individual as appointed by the school staff member designated by the Superintendent to supervise athletics, which may include a coach or individual responsible for sharing duties for making decisions concerning the implementation of modifications or cancellation of practices and games based on WBGT measurements.

A copy of this Policy and NJSIAA's current Heat Participation Policy and Pre-Season Heat Acclimatization Policy shall be provided to each coach, as appropriate, and reviewed with all coaches by the Principal or designee which may include, but not be limited to, the Athletic Trainer or staff member supervising athletics as designated by the Superintendent prior to the first practice session of the season for each team. The Superintendent shall designate the staff member responsible to ensure compliance with this Policy and NJSIAA's current Heat Participation Policy and Pre-Season Heat Acclimatization Policy.

STUDENT ASSESSMENT (M)

2622 – STUDENT ASSESSMENT

The Commissioner of Education, in accordance with N.J.S.A. 18A:7C-1 et seq. and 18A:7E-2 and 3, may implement assessments of student achievement in any grade(s) and by such assessments as he or she deems appropriate. The Commissioner shall report to the State Board of Education the results of such assessments.

The Commissioner shall implement a system and related schedule of Statewide assessments to evaluate student achievement of the New Jersey Student Learning Standards (NJSLS). The Commissioner, with the approval of the State Board of Education, shall define the scope and level of student performance on Statewide assessments that demonstrate thorough understanding of the knowledge and skills delineated by the NJSLS at grade levels three through twelve. After consultation with the Commissioner, the State Board of Education shall establish by resolution uniform Statewide criteria defining adequate school district progress toward meeting the NJSLS.

State assessments provide parents with important information about their child's progress; detailed diagnostic information about each individual student's performance that educators, parents, and students can utilize to enhance foundational knowledge and student achievement; and include item analysis which will clarify a student's level of knowledge and understanding of a particular subject or area of a subject. The data derived from State assessments will be utilized by teachers and administrators to pinpoint areas of difficulty and customize instruction accordingly. Such data can be accessed and utilized as a student progresses to successive school levels.

Pursuant to N.J.A.C. 6A:8-4.1(b) and (c), all students at grade levels three through twelve, and at any other grade(s) designated by the Commissioner pursuant to N.J.A.C. 6A:8-4.1(a), shall take all appropriate Statewide assessments as scheduled. There is no provision for a student to opt-out of Statewide assessments. If a student is absent on a testing date, the student will be expected to take the missed test on another school day. Parents and students will be informed of all scheduled testing dates, including make-up testing dates for students who missed the initial testing date.

Statewide Assessment System

The Superintendent of Schools shall develop and annually present to the Board for its approval an assessment program that complies with the rules of the State Board of Education.

The Board of Education shall, according to a schedule prescribed by the Commissioner, administer the applicable Statewide assessments, including the following major components: the elementary assessment component for grades three through five; the middle school assessment component for grades six through eight; the high school end-of-course assessments; and the alternative assessment for students with disabilities; and provide notification to each student entering grades three through twelve of the Statewide assessment schedule.

The Department of Education shall implement the elementary component of the Statewide assessment of the NJSLs consisting of continued administration of mathematics and English language arts in grades three, four, and five, and of science in grade five.

The Department of Education shall implement the middle school component of the Statewide assessment of the NJSLs consisting of the following: continued administration of mathematics and English language arts in grades six, seven, and eight; and of science in grade eight.

The Department of Education shall implement a high school assessment program component of the NJSLs that assesses, at a minimum, English language arts, mathematics, and science with the exception that students may receive a waiver from the Board of Education from taking the high school end-of-course assessment in ELA 11 due to the student's participation in another English language/literature college placement assessment during the same school year.

The Board shall provide appropriate accommodations or modifications to the Statewide assessment system as specified by the Department of Education for English Language Learners (ELLs) and students with disabilities as defined in N.J.A.C. 6A:14-1.3 or eligible under Section 504 of the Rehabilitation Act as determined by the IEP or 504 Team in accordance with N.J.A.C. 6A:8-4.1(d)1. The Board may administer the Statewide assessments in mathematics to ELLs in their native language, when available, and/or English. The Board of Education shall have the option for a first-year ELL of substituting a Department of Education-approved language proficiency test only for the English language arts section of the elementary or middle school component of the Statewide assessment, when the student has entered the United States after July 1 of the calendar year prior to the test administration.

The Board of Education shall ensure students with disabilities as defined in N.J.A.C. 6A:14-1.3 participate in Statewide assessments in accordance with N.J.A.C. 6A:14-4.10.

At specific times prescribed by the Commissioner of Education, the Board of Education shall administer the alternative assessment for students with disabilities to students with severe disabilities who cannot participate in other assessments due to the severity of their disabilities. The Department of Education shall implement the alternative assessment for students with disabilities according to the schedules in N.J.A.C. 6A:8-4.1(c)1, 2, and 3. The alternative assessment for students with disabilities measures the progress of students who have been determined eligible for the alternative assessment for students with disabilities by the IEP team in accordance with N.J.A.C. 6A:14-4.10.

The Boards of Education shall implement alternative ways for students to demonstrate graduation proficiency in accordance with N.J.A.C. 6A:8-5.1(f).

Test Administration Procedures and Security Measures

The Board of Education shall be responsible for ensuring the security of all components of the Statewide assessment system that are administered within the school district. All Statewide assessments shall be administered in accordance with the Department of Education's required test administration procedures and security measures. Any breach of such procedures or measures shall be immediately reported to the Superintendent or designee.

Documentation of Student Achievement

The Department of Education shall provide the Superintendent with documentation of student performance after each test administration in accordance with the provisions of N.J.A.C. 6A:8-4.2(a). Information regarding individual student test scores shall only be released in accordance with Federal and State law.

The Board of Education shall transmit within ten business days any official records, including transcripts, of students who transfer to other school districts or institutions.

The Board of Education shall maintain an accurate record of each student's performance on Statewide assessments.

The Board of Education shall maintain for every student a ninth grade through graduation transcript that contains the following, as available:

1. Results of all applicable State assessments, including assessments that satisfy graduation requirements set forth in N.J.A.C. 6A:8-5.1(a)6;

2. Results of any English language proficiency assessments according to N.J.A.C. 6A:8-5.1(h);
3. Evidence of instructional experience and performance in the NJSLs;
4. Evidence of technological literacy;
5. Evidence of career education instructional experiences and career development activities;
6. Evidence of State-issued occupational licenses and credentials, industry-recognized occupational credentials, and/or technical skill assessments for students enrolled in Department of Education-approved career and technical education programs pursuant to N.J.A.C. 6A:19-3.2; and
7. Any other information deemed appropriate by the Board of Education.

Accountability

The Superintendent shall report preliminary and final results of annual assessments to the Board of Education within sixty days of receipt of information from the New Jersey Department of Education pursuant to N.J.A.C. 6A:8-4.3(a). The Board of Education will provide parents, students, and citizens with results of annual assessments according to N.J.A.C. 6A:8-4.2.

The Board shall provide appropriate instruction to improve skills and knowledge for students performing below the established levels of student proficiency in any content area either on Statewide or local assessments. All students shall be expected to demonstrate the knowledge and skills of the NJSLs as measured by the Statewide assessment system.

Annual Review and Evaluation of School Districts

The Department of Education shall review the performance of schools and school districts in accordance with the provisions of N.J.A.C. 6A:8-4.4.

Public Reporting

In accordance with the requirements of N.J.A.C. 6A:8-4.5, the Department of Education shall report annually to the State Board of Education and the public on the progress of all students and student subgroups in meeting the NJSLs as measured by the Statewide

assessment system by publishing and distributing the Department of Education's annual New Jersey School Report Card in accordance with N.J.S.A. 18A:7E-2 through 5. After each test administration, the Department of Education shall report to the Board of Education on the performance of all students and of student subgroups. The Department of Education shall report performance on the APA with the same frequency and in the same detail as it reports on other Statewide assessments, including school and school district means, and the number and percentage of participating students. In public reporting of school and district performance data, the Department of Education shall not compromise the confidentiality of individual students.

5200 ATTENDANCE (M)

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

Notwithstanding the requirement of reporting student absences in the school register for State and Federal reporting purposes, “excused” and “unexcused” student absences, for the purpose of expectations and consequences regarding truancy, student conduct, promotion, and the award of course credit is a local Board decision outlined in N.J.A.C. 6A:16-7.6 and Policy and Regulation 5200. In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of Policy and Regulation 5200, a student’s absence from school will either be excused or unexcused. Unexcused absences will count toward truancy.

A parent or adult student shall provide advance notice to the school prior to the student being absent from school. In accordance with N.J.S.A. 18A:36-25.6, if a student is determined to be absent from school without valid excuse, and if the reason for the student’s absence is unknown to school personnel, the Principal or designee shall immediately attempt to contact the student’s parent to notify the parent of the absence and determine the reason for the absence.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. In accordance with N.J.S.A. 18A:36-14, a student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board.

Students shall be subjected to the school district’s response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4 and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of the Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.
